Lincolnwood Police Department Weekly Notes for the Village Manager

Week of July 22 , 2019

-Then Lincolnwood Police Department will be partnering with Ring cameras to promote public safety. Ring offers a law enforcement portal that allows the police department and the public to notify each other and share videos with their local police department of incidents that involve suspicious activity or a crime. This program is of no cost and/or obligation to either the resident or the Village and is voluntary to the resident with the Ring camera that has the ability to enhance neighborhood security. Many residents in the Village already have existing Ring cameras and have already provided footage to assist police in solving crimes. This program simply expands and organizes the ability to coordinate communication between the police and residents with Ring cameras. A [link](#) to a video explaining the program has been attached for informational purposes. The police department would like to formally announce this partnership at National Night Out on August 6th.

-Further Update from July 15th Notes: The Owner from CD One Cleaners at Christiana and Devon Ave. was contacted by Chief Parrott and was cooperative in assisting in the effort of having employees not park within the 6400 block of Christiana to help alleviate the residential parking concern in this area. It was related that approximately six vehicles from CD One Cleaners are used currently by employees and it was related that employees did utilize 6400 Christina for parking. It is estimated that on any given day the employees for the four businesses utilize 12-15 vehicles. The police department will be conducting further parking studies in August to see if this cooperation has made an impact.

-The police department and fire department last Friday responded to a baby locked in a vehicle near the Olive Garden restaurant on Touhy Ave. adjacent to the Lincolnwood Town Center. The parents had inadvertently locked the keys in the vehicle while loading items into the vehicle. The police and fire response was immediate and the parents made the call to 911 after realizing what had happened on such a hot day. The baby was unharmed and the vehicle's doors were quickly unlocked by Lin-Mar towing who was also on scene. The incident was reported on several media outlets and a link to one of the stories is attached [here](#).

Village Renews Agreement with Groot for Waste and Recycling Services

As of September 1, 2019, the Village and Groot Recycling and Waste Services, Inc. (Groot), have extended their Agreement for the provision of waste and recycling services. Groot has provided these services to Lincolnwood residents since 1994, and will be continuing to provide these services for the next five years as part of this Agreement.

The Agreement includes a two year freeze of the rates for refuse and recycling paid by the Village and will provide the same level of services to residents including:

- Curbside collection on Mondays
- Unlimited collection, i.e. residents are able to place multiple refuse totes out for routine collection
- One bulk item may be placed out at the curb per week
- No changes to yard waste collection
- Electronics recycling for an additional fee

As part of this Agreement extension the Village and Groot are excited to announce an expansion of recycling opportunities. Starting September 1, 2019, residents may request to switch their current recycling toter to a larger 95 gallon container. To schedule a switch in your recycling container, please contact the Village at (847) 675-0888.

Please note after the initial switch is made for recycling containers, a \$25 fee applies for all subsequent changes in recycling toter sizes.

Inside this Issue

President's Message

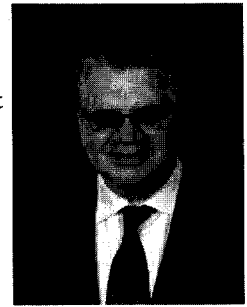

My fellow residents,

As the summer ends and the fall rolls in, we have a lot to be thankful for here in the Village of Lincolnwood. I want to start this edition highlighting some of the recent events within our community:

- After over five years of vacancy, a tenant has filled the remaining space of the former Dominick's site at the corner of Pratt Avenue and McCormick Boulevard. In July, Walmart held the grand opening for their first of its kind pick-up only grocery store at this location. The event marked the public-private partnership of the Village of Lincolnwood and Walmart, which was attended by many Village Board and Commission members and myself.

- In less than a year, the monumental task of filling the 84,000 square foot former vacant Carson's site is over! On August 16, the Village had the RoomPlace ribbon cutting ceremony. The RoomPlace at the Lincolnwood Town Center Mall is on two levels and includes a decorated atrium. This was a collaborative proactive effort of the mall owners, Washington Prime and the welcoming attitude towards viable business opportunities we have promoted since I became Mayor. I am looking forward to our continued work with Washington Prime to create a new trend of experiential shopping that one day may include the hottest trends in retail, hospitality and entertainment. Lincolnwood Town Center Mall is over 80% leased with an objective of seeking the best mix of national, local and regional tenants. We are committed along with ownership to making the Lincolnwood Town Center Mall as dynamic and fresh as ever while maintaining and advancing the family experience as the gateway to the North Shore.
- We are exploring options to reduce water waste by evaluating programs from high-level technology corporations, that help create smart grid cities. These programs provide turnkey analytics solutions and act as extensions of staff for municipal water utilities of all sizes to leverage system data and advanced analytics.
- The Village Board and I were able to recognize the retirement of longtime employee Lieutenant Dave Macaluso along with the promotions of Lieutenant Jeff Gordon and Sergeant Emily field at our July meeting.
- I want to extend a special thank you to Carol Janossy, Director of the Lincolnwood Youth Strings, for preparing the string orchestra for the annual Fourth of July Musical Celebration at the shelter in Proesel Park. Thank you to the HRC for coordinating this fine event every year.
- On August 6, 2019, the Village celebrated its second year participating in National Night Out and it was a tremendous success. The event welcomed over 300 community members who were able to meet with Police and Fire personnel. There was something for everyone, with free food donated by Lincolnwood businesses, face painting and a bounce castle. Thank you to all Police, Fire and Public Works personnel who made this night possible.
- A special thanks is owed to our Parks and Recreation Department. This year, as with every year, they were able to create special experiences for our residents and the Chicagoland community through the Proesel Park Family Aquatic Center, Day Camp Program and Summer Concert Series. Thank you to our staff for making such a memorable summer for all.

Mayor Barry Bass

While we have had a lot of fun this past summer, there is still plenty to look forward to in the coming fall, including:

- A continuation of the progress at the District 1860 project located at the former Purple Hotel site. The Village and Tucker Development continue to work together in preparing this iconic site for its future prosperity. It is anticipated that a ceremonial groundbreaking ceremony will commence later this year with full-on construction commencing in early 2020. Please visit www.lincolnwoodil.org for updates on this project.

- The Village is encouraging all residents to stay connected. One of the best ways to do that is to sign-up for our reverse 9-1-1 system by going to <https://lincolnwood.bbcportal.com/Entry> or by downloading our App. To download the Lincolnwood App, please search "Lincolnwood" in the iTunes or Google Play stores on your smart device.
- A partnership between Neighbors App by Ring and the Lincolnwood Police Department is expected to go live in August. This partnership will allow the use of technology to share important local crime and safety information between residents and the Police Department. Police will also have the ability to post comments to residents regarding incidents and view neighborhood comments or concerns related to neighborhood crime.
- Work on the Ziegler's showroom renovations is well underway along McCormick Boulevard and has also begun at 7373 Cicero Avenue, the new home of Ziegler Cadillac. The new Ziegler facility on Cicero Avenue is expected to be open in 2020.
- Loeber Porsche of Lincolnwood is set to begin construction on an updated \$10 million 47,000 square-foot facility estimated to re-open in 2020.

With enthusiasm and sincerity,

Mayor Barry Bass

Crisis Intervention Team Response

The Lincolnwood Police Department over the past year has been able to certify 60% of its officers in Crisis Intervention Team (CIT) response. Certified officers are taught skills and then utilize effective and safe methods of interaction with someone who is experiencing a mental health crisis.

The training is a 40 hour certified course by the Illinois Law Enforcement Training and Standards Board (ILETSB), which includes topics of mental illness recognition, substance abuse, dual diagnosis, child and adolescent disorders, psychotropic medications, geriatric issues, medical conditions that mimic mental illness, autism, persons with disabilities, law enforcement compliant surrender, excited delirium, risk assessment, crisis intervention skills and symptoms of PTSD. These topics all coincide with the recommended police response in varying situations.

Modeling after the 21st Century Policing Task Force recommendations and the "One Mind" campaign supported by the International Association of Chiefs of Police, the Police Department is progressively addressing the issue of mental health response by officers and ensuring that the appropriate actions are taken when responding to calls involving a mental health crisis. Officers will continue to be trained and work with Skokie's Police Communications. The Police Department's dispatch services will ensure that if a call appears to be mental health related, it will now be required to have a CIT trained officer respond if available.

Officers will wear the ribbon above on their uniform indicating that they have been certified in crisis intervention response.

Emergency Communications

The Village utilizes a Reverse 9-1-1 service through Blackboard Connect that allows the Village to reach out to residents using voice, email, and text services. The messages can range from a public safety emergency to an annual reminder regarding alternate side parking due to inclement weather. The Reverse 9-1-1 system is populated with contact information provided by residents. To sign-up for this service, please visit the Village's website at <https://lincolnwood.bbcportal.com/entry/>.

Art Gallery

Join the Village for its next art gallery installation beginning September 10 featuring artist Lucas MacFadden's series *Mother and Child*. A free reception will be held on September 17 from 5:00 - 7:00 p.m.

Artist Statement:

Each piece in the Mother and Child series is a celebration of relational life in my home during my sons' little years. My intent is to depict the loveliness of my wife during her happy and chaotic first chapter of mothering, the boundless energy of our three boys, and the wonder of the mother-child connection. In celebrating my family with these marks, my aim is to remain present and reflective in a season when it is easy to prioritize the urgent and become distracted from what is important.

2020 Census

Every ten years, the United States Census Bureau counts every resident in the United States, as mandated by the Constitution. The next census will take place in the spring of 2020. Your participation is critical to ensuring representation at all levels of government and that Lincolnwood, Cook County and the State of Illinois receive a fair share of federal funding to support a wide variety of projects and services. Participating in the 2020 Census is a civic duty.

Census data is also used for research, and academic institutions, medical facilities and businesses all utilize census data for a variety of purposes.

Public Works Reminders

Upcoming Capital Projects

The fall will mark the beginning and end of many capital projects, including:

North Shore Outfall Sewer

Construction of the North Shore Outfall Sewer Project is underway. The project includes installation of a 60-inch dedicated stormwater sewer along North Shore Avenue from Drake Avenue to the North Shore Channel and smaller storm sewers along sections of Columbia, Kimball and Spaulding Avenues. The project also includes curb and sidewalk replacement and roadway resurfacing. The project is expected to be complete by winter of this year. The goal of the project is to reduce the flow of stormwater into the combined sewer in an effort to minimize residential basement backups. The Village received \$1.4 million in funding from the MWRD for the completion of this project.

Water Transmission Main

The Village Board is anticipated to award a contract for the construction of a water transmission main to the City of Evanston for the purchase of potable water at their meeting on September 3, 2019. The transmission main will run from the pump house located near Springfield Park along Springfield Avenue, East Prairie Road, Hamlin Avenue

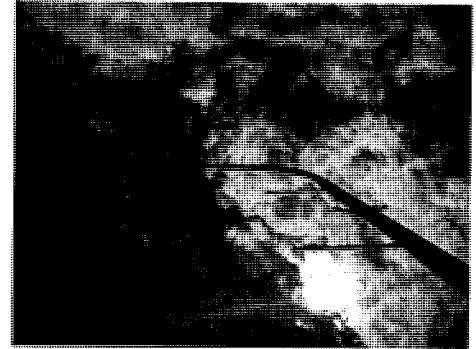

and Oakton Street across the North Shore Channel, where it will connect to Evanston's system. The wholesale rate savings will be used to fund the cost of constructing the transmission main to Evanston, as well as fund

additional water infrastructure improvements, such as replacing 60 -100 year old water mains. The project is anticipated to be completed by the fall of 2020.

Devon Streetlights

The Devon Avenue Streetlight Project is currently

underway. The project includes retrofitting the streetlights on Cicero Avenue and McCormick Boulevard north of North Shore Avenue to LED fixtures. The project also includes the installation of

new LED streetlights on Devon Avenue west of Lincoln Avenue to Longmeadow Avenue, except for the area directly adjacent to the Country Club, installation of lights at the bike path crossings on Pratt Avenue and relocation of a streetlight at Touhy and Crawford Avenues. Work is anticipated to be completed by the end of the year.

Annual Sidewalk Program

The annual sidewalk replacement program was recently completed. The program includes the replacement of deteriorated and hazardous sidewalk panels throughout the Village. If you would like to report a hazardous sidewalk, please contact Public Works at (847) 675-0888.

Leaf Collection

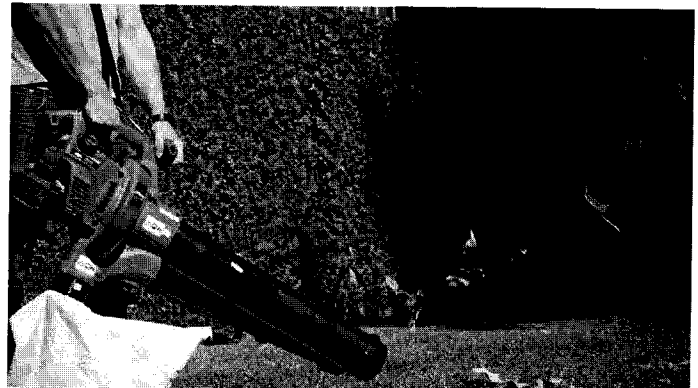

With fall just around the corner, the Village would like to remind residents to help keep catch basins clear of fallen leaves by raking them up and bagging them for collection. Catch basins that are obstructed by leaves prevent the flow of stormwater into the Village's sewer

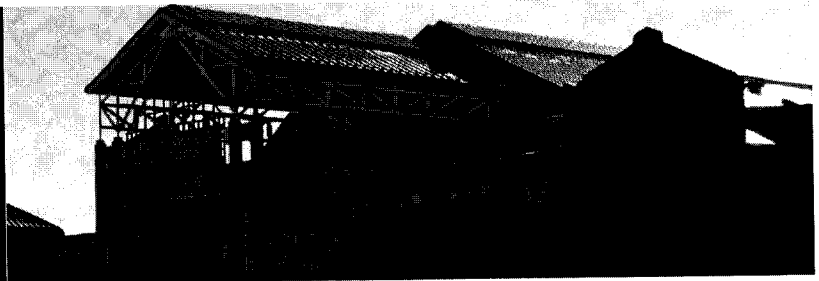

system, which can lead to flooded streets and sidewalks. Leaves should never be placed in piles on the roadway as Groot requires them to be bagged for collection.

Leaf Blower Restrictions

Starting October 1, leaf blowing is restricted and is not allowed before 7:00 a.m. and after 6:00 p.m. Monday through Friday, and is not allowed before 7:00 a.m. and after 12:00 p.m. on Saturdays. Leaf blowing is prohibited on Sundays and holidays.

BUSINESS CONNECTIONS

Lincolnwood's Building Code

The Village of Lincolnwood regularly reviews, considers and then adopts nationwide model Building Codes. These codes have been developed after thousands of hours of input from building officials, construction industry leaders and developers. These national building codes provide the basis for the Village's Building Code, as supplemented by local amendments that reflect the concerns, interests and values of the local community. As development materials, technologies and techniques continue to evolve, the Village continues to regularly assess how the current set of codes and local amendments address new technologies and construction practices. Such an assessment could help achieve multiple objectives, including removing overly burdensome regulations that may drive quality development elsewhere.

This summer, the Village is undertaking the review process necessary to update the Village's Building Code. The Village currently utilizes the 2009 International Code series to regulate all types of construction within Lincolnwood. The International Code Series is updated every three years, with most municipalities choosing

to adopt a new series every six to nine years. Generally, communities will adopt a code series that is at least

one cycle behind the current series in order to provide sufficient time for code professionals to understand the nuances of the new codes and consider necessary revisions. SAFEbuilt, the Village's building services consultant, has advised that most communities currently undertaking code updates are pursuing the adoption of the 2015 model codes. Staff intends to work with SAFEbuilt to modernize Village regulations to the greatest extent possible without creating conflict with other regulations.

In addition, at the direction and recommendation of the Village Board, staff will be drafting new construction site management standards to minimize impacts on other properties during construction projects. This comprehensive review of building codes and building practices will continue throughout the summer and culminate in meetings

with the Village Board to discuss staff and consultant recommendations. These recommendations are anticipated to lead to a revamped Building Code later this fall.

Lincolnwood In the News

Lincolnwood continues to draw local and national press attention for positive development news. In a recent CNN Business national news story, the opening of the first-in-the-nation Walmart Pickup Point in Lincolnwood was examined as part of a growing trend to provide customers convenient, hassle-free experiences.

Adding to stories such as this are recent regional online stories that have sung the praises of the approved District 1860 development, the upscale Stefani's Prime restaurant, the staying power of local restaurants such as Libanais, New York Bagel &

Bially and Lou Malnati's, as well as the Town Center Mall owners quick response to Carson's closure with a new RoomPlace furniture store.

This development boom could not have happened without the business-friendly environment being cultivated by the Village Board, Economic Development Commission and Plan Commission. Village staff continues to work with all businesses interested in relocating to Lincolnwood or expanding at long-established locations. The Village's business-friendly mindset continues to power Lincolnwood's economic engine!

This continues improvements to the Porsche dealership on the Loeber campus, which recently included acquisition of a vacant warehouse building (7125 N. Lincoln Avenue), located between the Porsche dealership and Binny's Beverage Depot, fronting on Lincoln Avenue. The new acquisition will be utilized to store additional vehicles for sale, as Loeber has been granted additional inventory by Porsche's North American headquarters in Atlanta. The Village Board approved zoning entitlements for the proposed redevelopment at their July 16 meeting. Demolition of the existing showroom and construction of site improvements is anticipated to be underway in August/September, 2019.

Radler Plaza 4320 W. Touhy Avenue

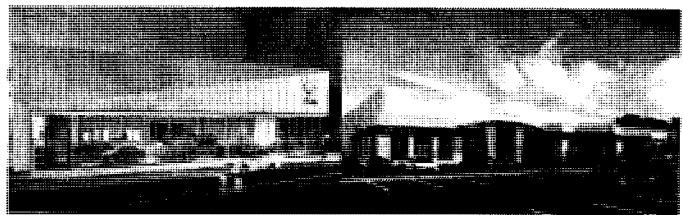

Construction continues at the new Radler Plaza, a multi-tenant commercial shopping center on the north side of Touhy Avenue, between Lowell and Kildare Avenues. The building shell has been completed, and interior improvements and remaining site work are underway and expected to be completed by the beginning of September. Starbucks, the anchor tenant, will begin interior buildout of their store and improvements for their drive-thru lane in August, for an opening later this year.

Zeigler Cadillac, Buick/GMC

7373 N. Cicero Avenue, 6900 N. McCormick Boulevard

Zeigler Auto Group has begun demolition of the former Publications International Limited office/warehouse building at 7373 N. Cicero Avenue. This demolition will be followed in September, 2019, with construction of a new Cadillac dealership, which will be relocated from the Zeigler Auto Group Autoplex on McCormick Boulevard in Lincolnwood. Once Cadillac has relocated, Buick and GMC will expand in the existing McCormick Boulevard building, which has been undergoing improvements in anticipation of this relocation. I talked with one of the media coordinators, and they had an issues with the words video, and camera (because they are afraid of people thinking "Big Brother" is watching). I did have to reword what the Mayor said, the yellow highlighting is what I had to reword, and I have sent it to Rings Media to get it approved at this moment please do not publish this until I get the approval for it. Once I get approved I will let you all know about. I should get a response back tomorrow or later on today. Below is what I sent to Ring to get approved.

This is what I edited to:

A partnership between Neighbors App by Ring and the Lincolnwood Police Department is expected to go live in August. This partnership will allow the sharing of different technology between residents, and the Police Department. Police will also have the ability to post comments to residents regarding incidents and view neighborhood comments or concerns related to neighborhood crime.

Thank you, and have a wonderful day!

Lincolnwood Police Department Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in communities by connecting people, security cameras and law enforcement.

[Lincolnwood, Illinois] -- [August 19th, 2019] – The **[Lincolnwood Police Department]** today announced that it is joining the free Neighbors app by Ring to provide the **[Lincolnwood]** community with real-time, local crime and safety information. The Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

Residents can text 'Lincolnwoodil' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to; join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

[Lincolnwood Police Department Quote] *We are very proud and excited to partner with Ring on their progressive step towards utilizing technology for making our community a safer environment. As our society sees the world expanding the use of technology, we also see the impact it has had on making criminals think twice about committing a crime. We now have a more accountable and successful approach to making our neighborhoods safe, that assists not only the police, but the residents of our community. The Neighbors App by Ring allows for enhanced communication within those neighborhoods by sharing information about potential crimes and concerns.*

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have the [Lincolnwood Police Department] join Neighbors to keep their community up-to-date on local crime and safety information. Over the past few years we have learned that, when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the [Lincolnwood] community can stay on top of crime and safety alerts as they happen."

Chief,

The mayor referred to cameras and videos in his statement so I did some rewording of it (I was not too sure if I was supposed to do that) but this what I came up with. I have his original message and the one I reworded. I highlighted what I did, and what words that Ring did not want.

Here is the original message from the mayor:

A partnership between Ring and the Lincolnwood Police Department is expected to go live in August. This partnership will allow the sharing of videos between residents with Ring cameras and Police. Police will also have the ability to post comments to residents regarding incidents and view neighborhood comments or concerns related to neighborhood crime.

Subject: Lincolnwood PD Pre Onboarding Call.

Thank you for your time. Here is a recap of our discussion and the next steps for Lincolnwood Pd's Neighbors Portal onboarding:

1. Recap

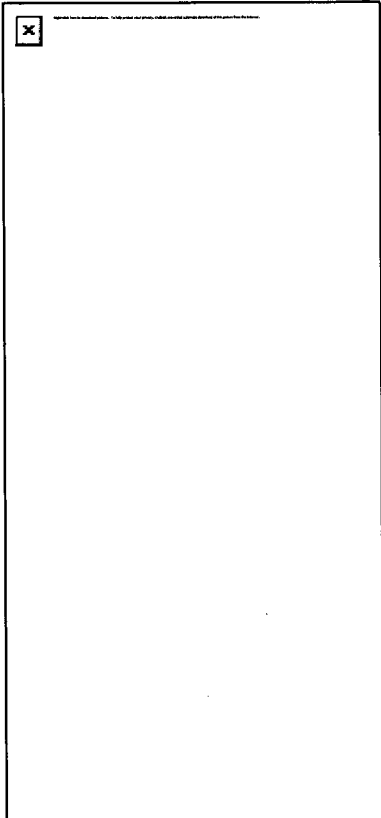

- Finding a game plan that works for the department
 - LE Posters - Will be Detectives, Supervisors and all Key stakeholders
 - Who will Video? - All Detectives?
 - Who will be responding when a Neighbor post into the Neighbors App
 - Crime Post - Verified Crime that has taken place - Someone from the department should comment saying "Have you filed a police report? If not please give us a call" - Possibly Claire, Detectives and Supervisors for night shifts?
 - Who will respond to all the other Posts.
- Monday the 19th - Scheduled webinar onboarding
- As of now In App Announcement Wednesday the 14th - pending Chiefs approval.
- For our Webinar onboarding please invite as many people into this meeting as possible.

2. In-App Announcement

We will post an announcement in the Neighbors app for Lincolnwood residents who are already on the app. This message is standard for all law enforcement agencies who join the Neighbors platform.

The message is simple: it comes from Ring, tells the community that we are excited to partner with Lincolnwood PD, says LPD can share crime and safety info with residents directly on the app, and ends with an encouragement that by working together we can make the Lincolnwood community a safer community.

Attached is a sample of the in-app announcement. **Once approved, we can move forward with the training.**

3. Public Announcements or Press/Media Inquiries

Once your in app announcement goes live, I will follow up with talking points and pre-approved social media posts. Until then, please refrain from posting publicly about the partnership.

Please reach out to Ring's PR Coordinator Morgan Culbertson (morgan@ring.com) if media contacts you with questions about the partnership or the Neighbors app in the meantime.

Please reach out with any questions!

Good morning, Chief,

During our weekly communications meeting last week, Claire said that for the press release with Ring they had specific requirements for what was to be included in the press release. Understanding that fact, I wanted to make sure that there wouldn't be any issue with what is in the Mayor's article for the September / October edition of the newsletter. Could you take a look and let us know if there is anything concerning in here:

A partnership between Ring and the Lincolnwood Police Department is expected to go live in August. This partnership will allow the sharing of videos between residents with Ring cameras and Police. Police will also have the ability to post comments to residents regarding incidents and view neighborhood comments or concerns related to neighborhood crime.

Lincolnwood Police Department Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in communities by connecting people, security cameras and law enforcement.

[Lincolnwood, Illinois] -- [August 19th, 2019] – The **[Lincolnwood Police Department]** today announced that it is joining the free Neighbors app by Ring to provide the **[Lincolnwood]** community with real-time, local crime and safety information. The Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

Residents can text 'Lincolnwoodil' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to; join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

[Lincolnwood Police Department Quote] *We are very proud and excited to partner with Ring on their progressive step towards utilizing camera technology that is cloud based for making our community a safer environment. As our society sees the world expanding the use of surveillance cameras, we also see the impact it has had on making criminals think twice about committing a crime. We now have a more accountable and successful approach to making neighborhoods safe, that assists not only the police, but the residents of our community. The Neighbors App by Ring allows for enhanced communication within those neighborhoods by sharing their video experiences of potential crimes and concerns.*

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have the [Lincolnwood Police Department] join Neighbors to keep their community up-to-date on local crime and safety information. Over the past few years we have learned that, when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the [Lincolnwood] community can stay on top of crime and safety alerts as they happen."

[Agency] Joins 'Neighbors' by Ring to Provide Users with Real-Time, Local Crime and Safety Information

Neighbors aims to reduce crime in communities by connecting people, security cameras and law enforcement.

[CITY, STATE] -- [DATE] – The **[Agency]** today announced that it is joining the free Neighbors app by Ring to provide the **[CITY/COUNTY]** community with real-time, local crime and safety information. The Neighbors network already has millions of users and has been instrumental in catching package thieves, stopping burglaries, and keeping neighborhoods safe.

Residents can text '**[TEXTCODE]**' to 555888 from their smartphone to download the Neighbors app for free on iOS and Android and use the app to; join their neighborhood, share crime and safety-related videos, photos and text-based posts; and receive real-time safety alerts from their neighbors, local law enforcement and the Ring team.

[[Agency] quote]

Jamie Siminoff, Chief Inventor and Founder of Ring, said: "We're excited to have the **[Agency]** join Neighbors to keep their community up-to-date on local crime and safety information. Over the past few years we have learned that, when neighbors, the Ring team and law enforcement all work together, we can create safer communities. Neighbors is meant to facilitate real-time communication between these groups, while maintaining neighbor privacy first and foremost. By bringing security to every neighbor with the free Neighbors app, the **[CITY/COUNTY]** community can stay on top of crime and safety alerts as they happen."

How It Works

- Opt-in to join your neighborhood.

- Receive real-time alerts from your neighbors, local law enforcement and the Ring team that inform of crime and safety alerts as they happen.
- View local crime and safety posts via a live feed or interactive map.

Thank you for your time. Here is a recap of our discussion and the next steps for Lincolnwood Pd's Neighbors Portal onboarding:

1. Recap

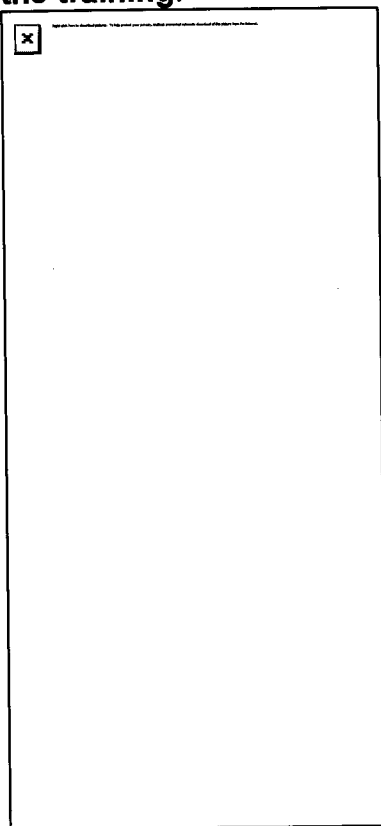

- Finding a game plan that works for the department
 - LE Posters - Will be Detectives, Supervisors and all Key stakeholders
 - Who will Video? - All Detectives?
 - Who will be responding when a Neighbor post into the Neighbors App
 - Crime Post - Verified Crime that has taken place - Someone from the department should comment saying "Have you filed a police report? If not please give us a call" - Possibly Claire, Detectives and Supervisors for night shifts?
 - Who will respond to all the other Posts.
- Monday the 19th - Scheduled webinar onboarding
- As of now In App Announcement Wednesday the 14th - pending Chiefs approval.
- For our Webinar onboarding please invite as many people into this meeting as possible.

2. In-App Announcement

We will post an announcement in the Neighbors app for Lincolnwood residents who are already on the app. This message is standard for all law enforcement agencies who join the Neighbors platform.

The message is simple: it comes from Ring, tells the community that we are excited to partner with Lincolnwood PD, says LPD can share crime and safety info with residents directly on the app, and ends with an encouragement that by working together we can make the Lincolnwood community a safer community.

Attached is a sample of the in-app announcement. **Once approved, we can move forward with the training.**

3. Public Announcements or Press/Media Inquiries

Once your in app announcement goes live, I will follow up with talking points and pre-approved social media posts. Until then, please refrain from posting publicly about the partnership.

Please reach out to Ring's PR Coordinator Morgan Culbertson (morgan@ring.com) if media contacts you with questions about the partnership or the Neighbors app in the meantime.

We are on board with doing a public social media announcement when your team is ready. Claire Manley will be our POC for coordinating this. I cc'd her on this email.

Please let us know how you would like for us to proceed. Should we send our media release to your PR team for approval first?

Thank you for your time. Here is a recap of our discussion and the next steps for Lincolnwood Pd's Neighbors Portal onboarding:

1. Recap

- Finding a game plan that works for the department
 - LE Posters - Will be Detectives, Supervisors and all Key stakeholders
 - Who will Video? - All Detectives?
 - Who will be responding when a Neighbor post into the Neighbors App

- Crime Post - Verified Crime that has taken place - Someone from the department should comment saying "Have you filed a police report? If not please give us a call" - Possibly Claire, Detectives and Supervisors for night shifts?

- Who will respond to all the other Posts.

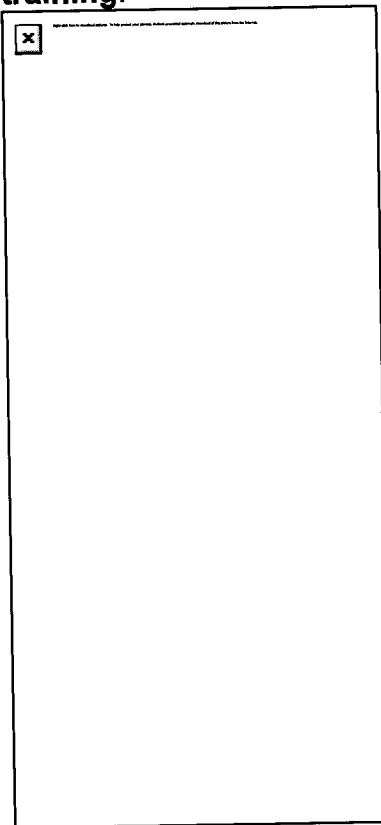

- Monday the 19th - Scheduled webinar onboarding
- As of now In App Announcement Wednesday the 14th - pending Chiefs approval.
- For our Webinar onboarding please invite as many people into this meeting as possible.

2. In-App Announcement

We will post an announcement in the Neighbors app for Lincolnwood residents who are already on the app. This message is standard for all law enforcement agencies who join the Neighbors platform.

The message is simple: it comes from Ring, tells the community that we are excited to partner with Lincolnwood PD, says LPD can share crime and safety info with residents directly on the app, and ends with an encouragement that by working together we can make the Lincolnwood community a safer community.

Attached is a sample of the in-app announcement. **Once approved, we can move forward with the training.**

3. Public Announcements or Press/Media Inquiries

Once your in app announcement goes live, I will follow up with talking points and pre-approved social media posts. Until then, please refrain from posting publicly about the partnership.

Please reach out to Ring's PR Coordinator Morgan Culbertson (morgan@ring.com) if media contacts you with questions about the partnership or the Neighbors app in the meantime.

Please reach out with any questions!

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 26th day of July, 2019 by and between Ring LLC ("Ring") and Lincolnwood Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Lincolnwood's ("Village") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to Village residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

Neighbors by Ring
Memorandum of Understanding

This agreement is entered into this 26th day of July, 2019 by and between Ring LLC ("Ring") and Lincolnwood Police Department ("Agency"), (collectively the "parties") and will provide Agency access to the Neighbors Portal to communicate with users of the Neighbors app ("Ring Neighbors") and encourage community engagement as we work together to make Lincolnwood's ("Village") neighborhoods safer.

- Neighbors by Ring app ("Neighbors App") is a digital neighborhood watch that both law enforcement and the public may access free of charge by downloading the Neighbors App (iOS and Android).
- The Neighbors App allows users to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Agency may:
 - Utilize the critical crime and safety events that are posted in the Neighbors App by Ring Neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep Ring Neighbors informed regarding issues in their neighborhoods.

With an understanding that a robust, active and engaged user community is essential to the immediate, sustained and ongoing success of the program, the parties agree to the following responsibilities:

Ring

- Make the Neighbors App available to Village residents free of charge.
- Make the Neighbors Portal available to Agency free of charge, including ongoing support and training for Agency employees.

Agency

- Maintain appropriate access controls for Agency personnel to use the Neighbors Portal.

Press Release

The parties shall agree to a joint press release to be mutually approved by the parties. Neither party may use the other party's name, logo, or likeness in any advertising or press release without prior written approval of the other party. Notwithstanding the foregoing, Ring shall be permitted to provide in-app alerts to Ring Neighbors announcing Agency's participation in the Neighbors App.

Term

Agency's participation in the program shall commence upon Agency's acceptance of these program terms. Either party may terminate Agency's participation in the program at any time by providing 30 days' written notice to the other party; provided that in the case of material breach of this Agreement by the Agency, Ring shall only be required to provide three days' written notice to Agency.

Privacy and Terms of Use

Ring will not provide any customer personal information, including video footage, to Agency without the prior

consent of the owner or properly issued legal process that complies with federal and state law, as applicable. Agency agrees to use the Neighbors Portal only as expressly authorized by Ring and only in connection with bona fide Agency work. Ring's terms of service and privacy notice, as posted on Ring.com, shall apply to all uses of the Neighbors App and, as applicable, the Neighbors Portal.

Compensation

At no point shall either party receive compensation from each other as a result of this program.

Confidentiality

Unless otherwise required by law, the Parties shall not disclose the terms of this program or any information that is designated as confidential or that, given the nature of the information or the circumstances surrounding its disclosure, reasonably should be considered as confidential.

Hi Phil,

I wanted to reach out about setting up a partnership with Ring and my police department which is located on the Northwest side of Chicago and borders the City of Chicago. We have many homes that use Ring but I believe the law enforcement partnership is essential to making our community safer. Please email me when you have a chance so we can discuss your program moving forward.

Sincerely,
